

NIAGARA BELCO

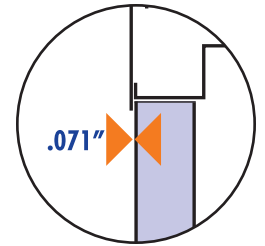

North America's Lift & Door Solution

North America's premier manufacturer and distributor of quality accessibility lifts and elevator swing door assemblies for over 25 years!

HL-600 Series: Commercial Access *(Flush type frame design)*

This entrance was developed by Niagara Belco in 1980 for the commercial accessibility lift industry where car gates are not used. The HL-600 series assemblies are supplied with a fully concealed interlock and are compatible with virtually all lift manufacturers' designs. Complete with a listed latch-set, these doors offer a true 1 1/2 hour fire rating for lift designs using a fixed cam arrangement.
