

NIAGARA BELCO

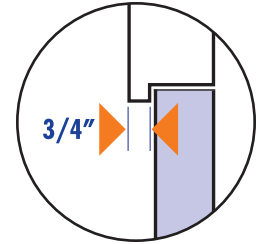

North America's Lift & Door Solution

**North America's premier manufacturer and distributor of
quality accessibility lifts and elevator swing door assemblies
for over 25 years!**

PE-750 Passenger (3/4" Frame setback)

Based on swing door design principles dating back to the earliest days of vertical transportation, the PE-750 series assembly is used extensively throughout North America on new and existing passenger elevators. Available in standard and custom sizes, this rugged and durable assembly offers flexibility and compatibility for both new and OEM replacement applications.
